

# The Wyoming Mosquito

## Joint WMMA/WCMVCA meeting coming soon

The call for papers is out and program details are under discussion, so mark your calendars and start making arrangements for our next WMMA meeting. On Tuesday and Wednesday, **February 22- 23, 2011**, WMMA will hold its annual meeting jointly with the West Central Mosquito and Vector Control Association. The keynote speaker will be Dr. Gordon Patterson, professor of history at the Florida Institute of Technology and author of [The Mosquito Wars: A History of Mosquito Control in Florida](#) and [The Mosquito Crusades](#). For those interested in adding their voice by presenting at the meeting please go to: [www.westcentralmosquitoandvector.org](http://www.westcentralmosquitoandvector.org) and submit your presentation information to Brian Hougaard by January 10, 2011.

The meeting will be held in Jackson, WY at the Snow King Resort, which can be reached at 1-800-522-KING or online at [www.snowkingresort.com](http://www.snowkingresort.com). A block of rooms at a rate of **\$80 per night** has been reserved for the nights of February 21-23rd, 2010. Please note that the room rate **will expire January 7, 2011**, so make your arrangements soon and be sure to mention WCMVCA. The meeting will end by mid- afternoon on Wednesday, February 23rd. There may be a group sleigh ride to see the wintering elk on the Elk National Wildlife Refuge afterwards, (weather and interest dependent). Snow King Resort offers a complimentary shuttle for those arriving by air at the Jackson Hole Airport, but be sure to mention your request for this service with your reservation. If you have questions about transportation or local amenities not answered by Snow King Resort's website, feel free to contact Teton County Mosquito Abatement at 307.733.1896.

So dust off those old wooden skis, jog your memory for those burning questions that came up last summer and prepare to catch up with old (and make some new) friends and colleagues from Wyoming and beyond!
